Team,

Here are two draft documents I need you to look at by Thurs., April 25 and let me and Carrie Sanneman know if you any suggested changes or comments. Even if you weren't able to attend the April workshop, I'd appreciate you looking at these and providing comments.

FYI, as part of the commitment to be transparent about the process to develop the JRA, when finalized these two documents will be posted on the Willamette Partnership's website and available to the public. The project website Carrie refers to below is one for workgroup members to share draft documents that is password protected. Please let her know if you would like to access that site and don't already have a password.

**Subject:** JRA Workshop #1 follow-up

Hello everyone,

Thank you for a good opening dialogue April 9-10! I heard it was good to see everyone together. Attached is a DRAFT meeting summary that includes our notes on action items and a brief summary of what was discussed. We've also included a draft project 2-pager that reflects some comments back and forth between Ecology/WP/TFT.

The follow-up materials are also up on the project website, please let me know if anyone else needs access to that page. I have only included the main agency representatives on this email, but please forward internally as appropriate.

We'll follow up with everyone shortly so there's clarity on the action items. In addition to the ones in the summary, **please let us know by around April 25** if you have suggested changes to the Meeting Summary and 2-pager, so we can consider those final and put them up on our website to share.

Thanks again!!

Carrie
